

# IASC-ARS 2019

2-5 December 2019, Hong Kong

Theme: Statistical Computing for AI and Big Data

## Call for Contributed Talks and Posters

The Local Organizing Committee of the IASC-ARS 2019 invites submissions for the 11th conference on “Statistical Computing for AI and Big Data”. The conference will be held on the campus of The University of Hong Kong on 2-5 December 2019.

This conference will provide a platform for researchers from academia and industry to share their latest findings, exhibit recent studies and applications, and build up networks with peers in a variety of areas including, but not limited to, Bayesian computation, big data analytics, biostatistics, computer graphics, computer intensive inferential methods, data mining and machine learning, econometrics, graphical models, image processing and uncertainty quantification.

The conference will consist of invited talks, contributed talks and posters. The official language for all submissions is English.

Submission of abstracts for contributed talks and posters may be made via the online submission system <https://www.conftool.org/iasc-ars2019>. The submission deadline is **30 June 2019**. All submissions will be reviewed and selected by a panel of experts in the field. Authors will be notified of the review panel’s decision by **8 July 2019**.
