# Hong Kong's Actuarial Future: Where Will You Fit In?

## Exploring Careers, AI and Emerging Opportunities

Date: 2 November 2026 | Monday | ~~3:00 pm – 4:00 pm~~ 4:00 pm - 5:00 pm

Venue: The University of Hong Kong

CPD-LG.08

In a financial hub like Hong Kong, actuaries do more than work with numbers. They help businesses make decisions about insurance, investments, emerging risks and the technologies shaping our future.

Join the Society of Actuaries (SOA) and practicing actuaries for an inside look at the profession. Hear about their career journeys, discover opportunities in Hong Kong and beyond, and explore how the SOA pathway can turn your interest in numbers, business and problem-solving into a career with global possibilities.

Your actuarial journey could start here. Where will it take you?

### What You'll Gain

**Part 1: Your Actuarial Journey**

- Learn how to start and succeed in the SOA pathways (ASA, FSA).
- Discover scholarships, resources, and study tips.
- Get your questions answered by SOA experts.

### Why You Should Join

- See how actuarial science connects to exciting opportunities in Hong Kong
- Get insider advice from actuaries who were once students like you.
- Build your confidence and vision for a successful actuarial career.

**Part 2: Insights from Hong Kong Actuaries**
