Master *of* Data Science

MDASC

1.5-year full-time or 2.5-year part-time

- Joint Programme offered by Department of Statistics and Actuarial Science and Department of Computer Science
- Interdisciplinary and comprehensive curriculum with a broad range of contemporary topics from Computer Science and Statistics
- Solid foundation in statistical and computational analyses
- Hands-on applications of methodologies with software
- Capstone project with real-life application

Spatial Data Analysis

Cloud Computing

Advanced Statistical Modelling

Machine Learning

Data Mining

Apply now for entry in September 2024

Admission Deadline

Main Round: 12:00 noon (GMT +8), November 20, 2023

Clearing Round: 12:00 noon (GMT +8), January 8, 2024
