DEPARTMENT OF STATISTICS AND ACTUARIAL SCIENCE
THE UNIVERSITY OF HONG KONG

Seminar

FRAUD AND FORENSIC PRACTICE IN EY (ERNST & YOUNG)

Fraud investigation and practice – Mr. Samuel Lung

Samuel, with many years of experience in the field, will share some fraud cases and stories in the area of fraud investigation and practice, with an emphasis on information technology and data analysis. We hope this presentation may help students to learn about real business cases and the possible skillsets required in the field.

Forensic Technology and data analytic – Dr. Kam Lau

Kam has been working on Forensic technology and have previous research experience in data analysis and machine learning. He will introduce the current forensic technology used in this field, and share some business scenarios of application. He will also share the present and future role of data analytic in the area of forensic technology.
