DEPARTMENT OF STATISTICS AND ACTUARIAL SCIENCE
THE UNIVERSITY OF HONG KONG

Seminar

Professor Xingwei TONG

School of Mathematical Sciences
Beijing Normal University
Beijing, China

will give a talk

entitled

**REGRESSION ANALYSIS OF MIXED RECURRENT
EVENT DATA**

Abstract

In this talk, we deal with a special recurrent event data, which is called mixed recurrent event data. For the Type I and II recurrent event data, we proposed the zero-mean based estimating equation to estimate the parameters. The model checking approach is also provided. Simulation studies and CCSS data analysis are also presented to evaluate the performance of the proposed method.

on

Wednesday, February 4, 2015

(Refreshments will be served from 2:15 p.m. outside Room 301 Run Run Shaw Building)

2:30 p.m. – 3:30 p.m.

at

Room 301, Run Run Shaw Building

Visitors Please Note that the University has limited parking space. If you are driving please call the Department at 3917 2466 for parking arrangement.

All interested are welcome
