

# URC-funded Workshop on How to Write a Strong GRF/ECS Proposal

(Open to all interested members in the Faculty of Science)

**SEP 4  
2023 (Mon)**

**10:00 am – 11:30 am**

(including Q&A and discussion)

**by Professor Xuming He**

Chair of the Dept of Statistics & Data Science  
Washington University in St. Louis

**Venue: KB223, Knowles Building**

## BIOGRAPHY

// Professor Xuming He is a renowned leader in the fields of robust statistics, quantile regression, Bayesian inference, and post-selection inference; he is also a proponent of interdisciplinary research in data science. He joined Washington University in July 2023 as the inaugural chair of the Department of Statistics and Data Science. Previously, He served as the H.C. Carver Collegiate Professor of Statistics at the University of Michigan. Before joining the University of Michigan in 2011, He held positions at the National University of Singapore and the University of Illinois at Urbana-Champaign and served as program director of statistics at the National Science Foundation. He is a fellow of the American Association for the Advancement of Science and the American Statistical Association. Currently He serves as President (2023–2025) of the International Statistical Institute. //
