

Research Position Opening

A postdoctoral research position is currently available in the Department of Statistics & Actuarial Science at the University of Hong Kong (ranked 21st in the world in the Times Higher Education World University Rankings, 2010). The successful applicant will work with Dr. Guosheng Yin, who is actively collaborating with colleagues in the Department of Biostatistics at the University of Texas M. D. Anderson Cancer Center (ranked the # 1 cancer hospital by the U.S. News & World Report for the fourth consecutive year in 2010).

- Candidates must have a Ph.D. in statistics/biostatistics.
- Applicants should have strong quantitative skills, particularly in mathematical statistics, regression and modeling, survival analysis, semiparametric methods, Bayesian computation and MCMC, and significant experience with computer programming and simulations (for example, C/C++, R, or Matlab).

For those who are interested in the position, please email your c.v. to gyin@hku.hk
